Profile

Data & analytics specialist in music copyright and sync licensing with 3+ years' experience turning rights data into same-day insights. Skilled in Power BI, SQL, Python, and Power Automate, I build dashboards and workflows that accelerate reporting cycles, surface high-growth writers, and free teams for higher-value work. Known for cross-team mentoring and delivering executive-ready analysis in fast-paced environments.

Employment History

Sr. Coordinator, Copyright, Sony Music Publishing, Nashville

FEBRUARY 2024 – PRESENT

- Develop and maintain two Power BI dashboards for BeatStars/The Orchard, giving the EVP of Finance and Corporate Strategy instant visibility into high-growth writers and partnership performance
- Build Python scripts and Power Automate flows that replace copy-paste steps in copyright registration, freeing staff for deeper analysis
- Create Power Automate + Microsoft Lists workflows to manage registration and writer metadata, removing bottlenecks and accelerating correspondence
- Integrate Luminate streaming data into Lists task trackers so writer-performance metrics drive real-time prioritization
- Write reusable SQL against AWS Redshift to surface ad-hoc writer data in seconds instead of overnight batch exports
- Mentor and train Sr. Coordinator and Coordinator; serve as a global SME for BI and workflow automation across offices

Coordinator, Sync Licensing, Sony Music Publishing, Nashville

MAY 2022 – FEBRUARY 2024

- Designed a Power BI sync licensing dashboard that provided management with near real-time KPIs to guide licensing strategy
- Built Excel/VBA macros and led user-acceptance testing on new automation tools, streamlining invoicing workflows and boosting team productivity
- Managed high-volume synchronization license requests, coordinating with Creative Marketing and external music-clearance partners to ensure timely service

Education

Bachelor of Arts, Economics, University of Illinois Urbana-Champaign, Champaign

AUGUST 2018 – MAY 2022

Certifications

Data For Business Pro, Data Literacy Academy

JANUARY 2024
