## Profile

Data & analytics specialist in music copyright and sync licensing with 3+ years' experience turning rights data into same-day insights. Skilled in Power BI, SQL, Python, and Power Automate, I build dashboards and workflows that accelerate reporting cycles, surface high-growth writers, and free teams for higher-value work. Known for cross-team mentoring and delivering executive-ready analysis in fast-paced environments.

## Employment History

### Analyst, Indie Business, Sony Music Publishing, Nashville

JUNE 2025 – PRESENT

- Develop and maintain two live Power BI dashboards for BeatStars / The Orchard, giving the EVP of Finance & Corporate Strategy same-day visibility into high-growth writers and partnership performance
- Automate copyright-registration intake with new Python scripts and Power Automate flows, freeing staff for deeper analysis and cutting manual steps
- Mentor a Senior Coordinator and a Coordinator; serve as global SME for BI and workflow automation across global offices

### Sr. Coordinator, Copyright, Sony Music Publishing, Nashville

FEBRUARY 2024 – JUNE 2025

- Created the Power Automate + Microsoft Lists workflows that manage registration and writer metadata, removing bottlenecks and accelerating correspondence
- Integrated Luminate streaming data into Lists task trackers so writer-performance metrics drive real-time prioritization
- Developed reusable SQL against AWS Redshift to surface ad-hoc writer and royalty collection data

### Coordinator, Sync Licensing, Sony Music Publishing, Nashville

MAY 2022 – FEBRUARY 2024

- Designed a sync licensing dashboard that provided management greater team insight with near real-time KPIs
- Built Excel/VBA macros and led user-acceptance testing on new automation tools, streamlining licensing and invoicing workflows
- Managed high-volume synchronization license requests, coordinating with Creative Marketing and external music-clearance partners to ensure timely service

## Education

### Bachelor of Arts, Economics, University of Illinois Urbana-Champaign, Champaign

AUGUST 2018 – MAY 2022

## Certifications

### Data For Business Pro, Data Literacy Academy

JANUARY 2024
